

2-HORSE IN-LINE GOOSENECK

If you find towing an eight and a half foot wide trailer intimidating, the in-line trailer is built for you. We call them 'grocery getters' because they are analogous to the little hatch back car used to scoot around town, making quick trips to the corner store. Maneuverable in traffic and crowded parking lots, it parks just about anywhere, and can be pulled a long way on a tank of gas. Scaled down in size only, not quality - These are built from the same quality components as our other Deluxe Models and carry the same 8 year warranty.
